

PRINCIPAL'S MESSAGE

We've had lots of discussion on campus about the tragic events at Marjory Stoneman Douglas High in Florida. Our community at Blyth TH decided to show support through writing notes of condolence. While in Florida last week, Mr. Rybak went to Marjory Stoneman to share these notes, which were received by the principal there with gratitude. We continue to look for more ways to support, look forward to Mr. Rybak sharing details of his visit at our next assembly. Thank you Blyth TH. *- Ms. Foley*

BEING BRILLIANT IN CGR4M:

The most fun and exciting course this term has to be Environmental Resource Management! Ms. Leonard brings a vibrant and creative outlook to the classes, with fun activities and games to increase our understanding and appreciation. The pictures below show our simulation of an oil spill cleanup!

We are looking forward to our excursion March 26-29 in Northern Ontario!
