Dates to Remember

June 14th - Canada's Wonderland Field Trip
June 15th - Annual Student vs Staff Softball Game
June 27th & 28th - Final Exams

Being Brilliant in Intro to Anthropology, Psychology, and Sociology

This week in IAPS class, we staged an experiment to demonstrate the Stroop effect - an interesting cognitive phenomenon which makes it more difficult to name the colour of a word, as opposed to the name

of a word. For example, people looking at the word "purple" printed in green letters have trouble quickly identifying that the letters are green. Students timed each other identifying words and colours as quickly as possible, and, after averaging our scores, we verified the existence of this strange effect.

-- Mr. Taylor

Spotlight on Athletics

Well we made it! Our busy year in sports is over and I wanted to say a huge thank you to all the athletes, parents, teachers, and coaches who made this an unforgettable year! Without you my job wouldn't be the absolute pleasure that it is!

Our last two athletic events were both soccer related, with the SSAF U20 Outdoor tournament and the BAO Indoor tournament capping off the year. Down at Cherry Beach our outdoor team enjoyed the

sun, fun, and amazing views while playing four matches in one day. Our tournament kicked off against WillowWood and resulted in a huge 4-0 victory and a great start to the day. However, your Wolves were in a tough draw as their next three matches were all against top-seeded opponents. After losing a heart breaking 1-0 game against Metro Prep, the Wolves were shut out again against Newton's Grove with a final score of 1-0. The final game of the tournament saw a 3-0 loss against the top ranked team from Toronto Prep and the Wolves fell to 1-3 on the day. A big thank you to the entire team and to all the parents who came out and watched.

The indoor team faired a bit better in their tournament on June 4th at the Hangar. The team dominated in the round robin and came out as the number two seed after winning all four of their games against other Blyth campuses from Burlington, Yorkville, Thornhill, and Mississauga, including two via clean sheets. In the semi-finals they faced a tough team from Blyth CIHA and came up short with a 2-1 loss sending them to the third-place game. While some teams would let a defeat in the semis get them down, the Wolves were hungry to end on a strong note and played an inspired game against Burlington, winning 6-3. Once again, a special thank you to all the students who gave up their Monday to play and a big congratulations to the now two-time winner, Blyth Downsview Park.

-- Mr. Ebel

Exam Schedule Term 4

WEDNESDAY, JUNE 27

9am-11am	1pm-3pm
Grade 9 English, ENG1D (Ms. Brito) - Saskatchewan	Grade 11 English, ENG3U - Yukon
Grade 9 English, ENG1D (Mr. Hofland) - Quebec	Grade 11/12 Photography, AWQ3M/4M - New Brunswick

Grade 12 English, ENG4U - PEI	

THURSDAY, JUNE 28

9am-11am
Grade 11 IAPS, HSP3U - Ontario
Grade 11 Physics, SPH3U - Yukon
Grade 12 Studies in Literature, ETS4U - PEI
Grade 12 Calculus, MCV4U - Manitoba

Exams for all Private one on one courses are scheduled with your Private course teacher.

Students taking two courses will have one exam each day. If you have a conflict, please see Michelle or Dan to reschedule one of them for the other day.

What You Never Knew About... Mr. Ebel!

First off, I would like to thank Ms. Paterson for her brave and very personal WYNKA. One thing that not many people know about me is that in my 32 years I have only broken one bone in my entire body (Go Milk!) This happened a few years ago when I tried to install a shower caddy, I say "tried" because it was never finished. While I was pushing in the support bar, which was spring loaded, it slipped off the tub and straight into my toe. Thinking that I had simply stubbed my toe, I began jumping and kicking my leg around the bathroom, not noticing the piece of modern art I had created with my blood on the bathroom wall. The cut was so bad that I had to go into the hospital for stitches as it had nearly cut the toe straight off the foot. To this day I still have the scar and crick in the toe as a reminder of this tragic incident. I am also severely afraid of any and all shower caddies.

-- Mr. Ebel

Coles Notes: Graduation Ceremony 2018

Another wonderful graduation ceremony at Vaughan Estate on Thursday evening last week: thank you to all who joined us in celebrating the achievements of our graduating class of 2018.

Emotional and inspiring words from our Valedictorian Alex F.; special celebration of our 'Blyth Lyfers' Dawson W., Aydin P., and Lizzie B.; and the most sincere and deserved praise of our very special faculty both on stage and in private conversations. Our students love their teachers, and our teachers love our students! Over 175 in attendance were all smiles and proud tears.

Also referenced on Thursday evening was a new and important tradition: our Foundations students went tree planting a week ago, and planted a few more than the 22 (yes, 22!) trees' worth of paper that our Enviroteam calculated we use annually between our full time, part time, and private studies at Blyth LP.
