

NACE is one of the top-5 international players in K-12 education, and the leader in Europe, with 37 schools in 7 countries (France, Spain, Italy, Portugal, Andorra, the UK and India). NACE is positioned within the international premium school segment, serving more than 15,000 students representing more than 60 nationalities.

In all the countries where we operate, our schools share an ethos articulated around learning excellence, bilingualism, multiculturalism and a clear mission to provide our children with the best possible tools to live a fulfilling life in a globalized world.

In addition, NACE has a set of distinctive features that enables our schools to reach their full potential:

- Access to the full resources of a larger education group, including ability to participate in international multicultural events, with the participation of all schools within the group. Today five events take place every year: International Music Week, NACE Model United Nations, Academic Olympics, NACE Sports Olympics and Virtual Arts Competition;
- Benefits from sharing best practices, generating and implementing innovative ideas. All schools have the opportunity to speak openly with other schools about things that work well and others that do not and the possibility of testing new methodologies and technologies knowing the advantages and risks in advance;
- Benefits from a stronger capacity to design and implement teaching and learning programs that work best thanks to the support and counseling of worldwide specialists with relevant experience in all educational areas;
- Access to detailed academic results from other schools with which it can be compared and define both the strong points and the improvement opportunities; and
- Benefit from the support of NACE's corporate center that include central services for Business Development, Human Resources, Admissions & Marketing, Organization and Systems, and Finance.
